MB DOCKET NO. 04-233  
RE: LPFM – LOW POWER FM

I have comments concerning the implementation of LPFM stations that would take precedence over currently operating FM translator stations and more specifically those that carry Christian, family friendly programming such as K-LOVE and many others around the nation.

1. K-LOVE is a source of spiritual strength to me because I travel all around the nation for work and in almost any city there is a Christian station such as K-LOVE. Without the encouragement of contemporary Christian music to relax and praise the LORD GOD ALMIGHTY while on the road far away from home, there is no peace or no way to unwind after long days at work. God's word in music is food for the soul renews the mind drawing us to focus on Jesus Christ.
2. Christian radio and it's family friendly programming and studies in God's word for absolute truth. Our children and grandchildren can listen to music with good lyrics that build up not tear down and demean. Secular music is often times vulgar and speaks of violence and hatred and death in many types of music. K-LOVE teaches love for each other, patience, integrity, honesty, and the list goes. This is to develop good citizens through good morality that is based on God's Word not on moral relativism which has no rock solid foundation.
3. Because the nature of the message of K-LOVE radio is based upon God's Word and teaches the love and peace of God in Jesus Christ who died for us on the cross and through that sacrifice we have forgiveness and peace with God. We are enabled to forgive and love others. All this through the broadcast of K-LOVE. It gives hope to the community if and when they listen. If K-LOVE with its message of love and peace in Christ is not there, what message will be there to build up and not tear down.
